SUMMARY

I am a creative Lead UI Developer with ten years of expertise who enjoys creating user-friendly digital interfaces. I have a proven track record of translating complicated concepts into user interfaces that are both simple to use and visually appealing. I appreciate combining creativity and practicality to improve user experiences.

EXPERIENCE

Lead UI / UX   2016 - Present
Gunaatita Technology Pvt. Ltd   Noida,UP

Gunaatita has been a key player in insurance software development for a decade.
- Innovative UI Leader, Inspiring Teams at Gunaatita.
- I do user research and strategic planning to create exceptional user interfaces while working with cross-functional teams. Proficient in developing original themes, problem resolution, and a commitment to ongoing improvement.

Ui Developer   2015 - 2016
Rich Purple Intractive pvt.ltd   Noida,UP

A company specializing in software and web development.
- Design Implementation, Front-End Development, Interactivity.

UI Developer   2013 - 2015
The Web Plant   New Delhi , India

The Web Plant develops advanced websites and is a HubSpot Partner.
- At Web Plant, I created engaging user interfaces for various applications.

PROJECTS

TRU : Online Insurance Platform   2021 - 2024

I developed TRU's Angular frontend architecture using Micro frontend methodology, including modules, components, routing, API integration, and data binding. Features complex grid layouts, form designs with steppers, accordions, and modal popups.

NUTRA : A property insurance portal   2017 - 2023

I developed Nutra's frontend architecture in Angular using the Micro frontend approach, encompassing modules, components, routing, and intricate grid layouts, including popups and forms design.

Appia & Vave : A property Insurance portal   2016 - 2024

I created visually appealing themes for AppiaSammy that include elaborate grid templates, stepper form designs, and modal popups.

I developed Vave's Angular frontend architecture with modules, components, routing, intricate grid layouts, and form designs including steppers, multiple accordions, and popups.

Safewater: A marine insurance platform   2016 - 2022

I have created visually appealing themes for SafeWater, including complex grid templates and form designs with steppers, multiple accordions, and popups.

MINI PROJECTS : CorRisk , SMS, Axon, LoadStar, ThinkRisk
